## **DETAILED ACTION**

### ***Response to Arguments***

This action is Supplemental to the Final Office Action mailed 11/03/05 since the previous action failed to indicate which claims were rejected in view of the Lee et al. reference. Accordingly, to give Applicants a proper time to respond to the rejection, the period for response to the final is herein reset. Additionally, since the amendment after final of 12/20/05 would overcome the rejection of Claim 37, it is being entered as being submitted prior to the final office action.

Applicant's arguments filed 12/20/05 with respect to amended Claim 37 and its dependents have been fully considered and are persuasive. Therefore, the rejection has been withdrawn.

### ***Claim Rejections - 35 USC § 102***

Claims 1-3, 5-16, 19, 28-33, 35-44 and 46 are rejected under 35 U.S.C. 102(e) as being anticipated by Lee et al. The Lee et al. telemetry system is inherently detachable. As to Claims 6-13 the RF module of Lee inherently includes the modulator and amplifier circuitry as claimed as required by the different modulation schemes listed in column 10 of the reference. As to Claims 15 and 16, a header and socket connection is inherent to the wired connection option in Lee et al.

### ***Allowable Subject Matter***

Claims 20-27 are allowed.

Art Unit: 3762

Claims 4, 17-18, 20-27, 34, 45 and 47 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

### ***Conclusion***

Applicant's amendment (filed 8/19/05) necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

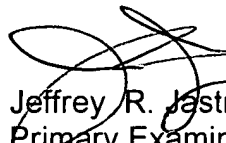

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
